PRODUCT DETAILS

Packs a punch
Emberton II is a compact portable speaker with the loud and vibrant sound only Marshall can deliver. Two 2'' full range drivers and two passive radiators bring you the heavy Marshall sound you know and love. Experience absolute 360° sound with True Stereophonic, a unique form of multi-directional sound from Marshall – where every spot is a sweet spot. By separating out the spatial content of stereo recordings, Emberton II produces a sound much larger than its size and outperforms most speakers in its class. Amplify your sound with a multi-speaker Stack Mode session by connecting your speaker to other Emberton II speakers. With 30+ hours of playtime, you can enjoy the superior sound of Marshall for hours on end.

This lightweight speaker is tough and resilient, weighing in at only 0.7 kg (1.5 lbs) while boasting an extremely durable and easy-to-use design, making it a must for any occasion. Emberton II has an IP67 dust- and water-resistance rating so it won't let rain or dirt get in the way of your music. The textured silicone sleeve arcs back to the classic vinyl that encased the original amplifiers and signature details, such as the solid metal grille and iconic Marshall script, echo the legacy of rock 'n' roll that you know and love.

Superior signature sound
Emberton II delivers sound that is rich, clear and loud, like the artist intended. Two 2'' full range drivers and two passive radiators bring you the heavy Marshall sound you know and love. By separating out the spatial content of stereo recordings, Emberton II produces a sound much larger than its size and outperforms most speakers in its class. Its custom-tuned audio components enhance the multi-directional sound by providing brilliantly powerful and clear sound throughout the entire frequency range. Emberton II utilises True Stereophonic, a unique form of multi-directional sound from Marshall. True Stereophonic is stereo sound, but not as you've heard it before. Experience superior spatial and binaural sound that flows around you and fills any space. This is absolute 360° sound – where every spot is a sweet spot.

30+ hours of portable playtime
Emberton II offers 30+ hours of portable playtime on a single charge. Its compact size, rugged durability

and reliable playtime make it perfect to take with you. When you're out of battery, just plug in your speaker and return to full battery in 3 hours. If you need a speedy top-up, Emberton II has a quick-charge feature, with only 20 minutes delivering a playtime of 4 hours. Listening matters, and this speaker won't keep you waiting for the next song.

Roadworthy IP67-rated design
Emberton II is tough and resilient. With its silicone exterior and solid metal grille, it boasts an extremely durable and easy-to-use design. Emberton II has an IP67 dust- and waterresistance rating so you can submerge Emberton II in 1 m (3 ft) of water for a period of up to 30 minutes. This is a speaker that won't let rain or dirt get in the way of your music.

Pair, play and bring the loud
Emberton II won't slow you down with a lengthy set-up – pair, play and let the good times roll. Download the dedicated app if you want to find the right sound with equaliser presets, and to keep your speaker up to date with Over-the-Air (OTA) updates. Emberton II is straightforward and easy to use, with a multi-directional control knob that allows you to play, pause, skip tracks and adjust the volume, as well as turn the speaker on or off. Multi-host functionality allows you to connect your speaker to two devices at once so you can let others in on the action without having to pass your phone around. Emberton II is ready and willing whenever you want to listen.

Host a multi-speaker session with stack mode
Emberton II has been powered up with Stack Mode. Amplify your sound with a multi-speaker session by connecting your speaker to other Emberton II speakers. To activate Stack Mode, just use the controls on the speaker. Stack as many Emberton II speakers as you like and create a sound as big as your imagination.

A more sustainable approach
Emberton II is faithful to the iconic heritage design of the brand while taking a more sustainable approach. This speaker's durable build comprises 50% post-consumer recycled plastic from used electronics, water bottles and automotive light covers, and is 100% PVC-free. Marshall is dedicated to creating positive change in the world, and continues to work towards building longer-lasting, more sustainable products.

Iconic Marshall design
Emberton II combines contemporary technology with iconic Marshall design to deliver hard-hitting sound while retaining a classic look. The textured silicone sleeve arcs back to the classic vinyl that encased the original amplifiers and signature details, such as the solid metal grille and iconic Marshall script, echo the legacy of rock 'n' roll.

Bluetooth 5.1
Emberton II comes equipped with Bluetooth technology 5.1 for simple connectivity, exceptional audio quality and wireless music play. Play music from any Bluetooth device with a 10 m (30 ft) range. Quickly and easily connect to Emberton II from any Bluetooth-enabled device for a superior audio experience.
