PRODUCT DETAILS

Music clears your mind, moves your body and gets you in the zone. The adidas Z.N.E. 01 offers engaging sound without ever holding you back. When it comes to comfort, these earbuds check all the boxes. They're sleek and simple, giving you an easy fit through active days. Wear them as an everyday pair or while you train. Sweat-proof and splash-proof, they stand up to everything from wet-weather commutes to quick sessions at the gym.

Engaging sound

Find your rhythm. These earbuds offer engaging sound in a sleek, ergonomic design. Tune in while walking around the city or winding down from the gym.

Easy fit

From workout mode to daily life, these earbuds stay in place on the move. They have a sleek design that feels comfortable enough to wear all day.

Sweat-proof and splash-proof

From walking in the rain to sweating it out at the gym, you can feel confident these earbuds will keep up. The IPX4 rating means they're sweat-proof and splash-proof, so light rain and heavy movement are never a problem.

5 hours of playtime per charge

Always at the ready, with up to 25 hours of total playtime. 5 hours of playtime in the buds keeps music at your fingertips. On-the-go charging in the case means the buds are ready to perform when you are.

Wireless charging

With two ways to charge, choose what works for you. Place the case on a wireless charging pad or use the USB-C cable.

Eco-charging

Charge it less. Listen longer. ECO-charging prolongs the battery life, so you get the most out of your buds. It limits the charge capacity to 80%, which increases the battery lifecycle up to 50%.

Box contents

- adidas Z.N.E. 01
