PRODUCT DETAILS

The Epic Wireless Bluetooth Keyboard from Jlab is minimalist and modern without sacrificing an ounce of premium performance. Designed with a high quality, metal base and a stylish but comprehensive interface, it's equally at home within a sleek work setup or a legit battle station. But why choose? With our JLab Work app, you can program specific hotkeys and save up to three unique user profiles so switching between work and play is as easy as changing "Who's Watching" on Netflix.

FEATURES:

- Connect via Bluetooth or USB wireless dongle
- Easy switch between three saved devices (laptop, phone, tablet and more)
- Illuminated full-depth keys with number pad
- Accessible shortcut keys and media knob improve productivity
- Rechargeable battery lasts 6 months*
- Custom desktop app: Saved profiles, programmable shortcut keys
- Switch between operating systems: Windows, iOS/Mac, Android and Chrome OS

INCLUDES

- Keyboard,
- Quick Start Guide (with partner offers from Tidal Music)
