PRODUCT DETAILS

How it works

Steaming is the gentlest way to remove wrinkles from your garments and home textiles. The steam lifts the textile fibers and allows them to regain their natural shape instead of pressing them down, while also reducing unwanted odors and bacteria so your garments feel refreshed. There is no need to use an ironing board with a steamer, simply place your garment on a hanger and start steaming. Gently press your Cirrus X Handheld Steamer against the fabric and press the steam button to release steam.

Features

- Visible water level
- Hanging loop
- On/off switch
- Steam button
- Limescale traps
- Stainless-steel front plate

Specifications

- Material: PP plastic
