

Wilfa Fusion 1500 Immersion Blender

255936

The Fusion 1500 immersion blender offers power and precision with its impressive 1500 W motor and adjustable speed settings for all your blending, chopping, and whisking needs. Featuring a protective, scratch-resistant blending shaft and a motor protection system, this durable kitchen tool ensures smooth results and extended lifespan. It includes versatile accessories like a mini chopper and whisk to make your cooking easier and more efficient.

PRODUCT DETAILS

POWERFUL IMMERSION BLENDER FOR ALL YOUR NEEDS

Fusion 1500 immersion blender is equipped with an impressive 1500 W motor, delivering power, precision, and control in your kitchen. Whether you're blending soups, chopping herbs, or whisking cream, you can rely on smooth and perfect results every time. With adjustable speed settings, a scratch-resistant blending shaft, and versatile accessories, your cooking will become easier, faster, and more efficient.

PROTECTS POTS AND PANS

The immersion blender features a protective blending shaft made from durable, food-safe plastic. This prevents scratches on pots, pans, bowls, and other containers.

HIGH-PERFORMANCE MOTOR FOR FAST AND SMOOTH RESULTS

With a powerful 1500 W motor, you can blend quickly and efficiently, regardless of the ingredients. Ideal for creating silky soups, creamy smoothies, and airy sauces, its high power ensures consistently fast and even results.

MOTOR PROTECTION SYSTEM FOR EXTENDED DURABILITY

The innovative motor protection system automatically stops the blender in case of misuse or overload. This extends the lifespan of the immersion blender, providing you with a reliable kitchen tool for years to come.

FLEXIBILITY WITH ADJUSTABLE SPEED

The adjustable speed settings allow you to effortlessly customise the blending process to your needs, from gentle stirring to powerful mixing, giving you full control over every stage of your cooking.

EFFICIENT MINI CHOPPER WITH A NON-SLIP BASE

The included mini chopper features blades positioned close to the base, making it perfect for finely chopping herbs, nuts, and other small ingredients. The stable, non-slip base keeps the container securely in place during use.

VERSATILE ACCESSORIES FOR SEAMLESS COOKING

The Fusion 1500 immersion blender comes with a practical whisk for whipping airy cream and a 700 ml measuring jug designed for optimal use with the blender. A truly versatile and efficient kitchen tool.

SLEEK AND USER-FRIENDLY DESIGN

Designed to fit most containers and bowls, this immersion blender is a highly flexible kitchen tool. Its ergonomic design ensures comfortable and easy handling.
