

Cuisinart

Cuisinart Pixie Chopper® Mini Food Processor, 700ml bowl

255344

- **Mini size, maximum power:** Designed to fit even the cosiest kitchens, the Pixie Chopper delivers powerful performance in a compact footprint - perfect for busy lifestyles and small-space living.
- **Prep in Seconds, Not Minutes:** From chopping onions to grinding spices, the intuitive one-touch controls and smart blade system make everyday prep fast, easy, and stress-free - so you can spend less time prepping and more time enjoying your meals.
- **One Blade, Two settings, Endless Possibilities:** The Auto-Reversing SmartPower® Blade handles both chopping and grinding - no blade swapping, no guesswork, just seamless transitions between soft and hard ingredients.
- **Four ways for an effortless prep routine:** Simplify your cooking: Chop fresh veg, purée dips, grind ingredients, and whip cream or eggs - all in one sleek, easy-to-use appliance.
- **Whip Up Something Special:** Whether it’s fluffy whipped cream for dessert or airy eggs for brunch, the included whipping blade helps you create light, delicious results in seconds - perfect for spontaneous treats or everyday indulgence.
- **Convenient drizzle holes:** Add liquids seamlessly with the lid's built-in drizzle holes - Ideal for incorporating liquids into your mixtures without splashing or mess.
- **No Mess, No Fuss:** The BladeLock™ System keeps everything secure while pouring, and the dishwasher-safe bowl and blades make cleanup a breeze - so you can spend more time enjoying your food, not cleaning up after it.

Compact in size but big on performance, the Pixie Chopper is your go-to kitchen companion for quick, easy, and fuss-free food prep. Designed to simplify everyday cooking, this space-saving powerhouse takes the effort out of chopping, grinding, puréeing, and whipping - so you can spend less time prepping and more time enjoying your meals.

Whether you're making a speedy midweek dinner or prepping ingredients for a weekend recipe, the Pixie Chopper delivers powerful results with minimal effort. Its Auto-Reversing SmartPower® Blade automatically switches between sharp and blunt edges, allowing you to chop soft vegetables or grind hard spices at the touch of a button - with handy BladeLock for easy pouring, plus ncluded whipping disc makes it easy to whip cream, eggs, or mousse in seconds.

With four simple functions, you can:

- Chop onions, garlic, carrots, and more for everyday meals
- Purée dips like guacamole, hummus, and pesto
- Grind ingredients like nuts, seeds and breadcrumbs
- Whip cream, eggs, and light batters with ease

The 0.7-litre work bowl is ideal for small batches, making it perfect for everyday use. The BladeLock™ System keeps the blade securely in place while pouring, preventing spills and ensuring safe handling. With intuitive one-touch controls and precise pulse settings, you'll achieve the perfect texture every time - whether you're going chunky or silky smooth.

When you're finished, simply pop the bowl and blades in the dishwasher for quick and easy cleanup. With its sleek design, compact footprint, and user-friendly features, the Pixie Chopper is the ultimate solution for fast, convenient food prep - without taking up valuable counter space.
