

myFirst Doodle 9" digital photo frame

253243

The myFirst Frame Doodle is the perfect digital photo frame for families with young children. It features a durable, child-friendly design. You can doodle and draw on their digital frame to customize the frame with their own creativity.

PRODUCT DETAILS

A living canvas of creativity and connection

This unique present keeps on giving, as kids can continuously share their daily activities with the family by uploading photos and content. The myFirst Frame Doodle serves as a canvas for aspiring artists and those looking to add a personal touch to their surroundings, enabling them to bring their imaginative ideas to life in vibrant colors.

How does it work?

Crafted to foster stronger connections among loved ones, the Frame seamlessly synchronizes with other myFirst devices, showcasing a stream of content shared by family and friends.

Step 1: Simply download the myFirst Circle app on your iOS or Android mobile phone, tablet, or on our myFirst devices like the myFirst Fone or the upcoming myFirst Camera 50 (available in March 2024).

Step 2: Capture photos or videos to upload to myFirst Circle and personalize the Frame to exhibit your chosen content from myFirst Circle. This goes beyond mere memory display - it fortifies connections and nurtures bonds within your family circle.

A heartfelt gift for grandparents

The myFirst Frame Doodle features a special doodling area on the frame's casing, allowing kids to express their creativity. Children can draw and color directly on the frame's surface, creating a personalized gift for their grandparents on special occasions.

Intelligent power saving through motion detection

Our eco-friendly power-saving design automatically turns off the device when you exit the room, and it eagerly awaits your return, displaying new moments as you approach.

Anti-glare matte screen for immersive viewing

Immerse yourself in the experience with our anti-glare glass, which reduces reflections and enhances the clarity of photos and videos. What's more, it's fingerprint-resistant, ensuring your screen remains clean and clear throughout the day.

Experience natural awakening and restful sleep

The Frame Doodle is a bedside companion that helps you wake up naturally and sleep soundly. It has a

sunrise alarm that simulates the natural sunrise to cue your brain for wakefulness. It also has a Night Mode that keeps the screen off until the sun rises, lullabies and white noise sleep aid features to help you wind down for sleep, and a customizable timer.

Finding your perfect angle with a simple flip

Enjoy perfect image orientation with the myFirst Frame’s auto-rotate feature, adapting to your frame’s position, whether vertical or horizontal, for an ideal viewing experience.

Colored protective cases

Elevate your frame’s style and security with our vibrant Colored Protective Cases. These cases provide a snug and secure fit while adding a touch of personality. Select from a range of colors to match your mood, style, or the current season.
