PRODUCT DETAILS

An electronic parking disc should be practical, compact, and good-looking. The P-DISC NO1 is all three. It automatically sets your parking time, saving you hassle – and avoiding unnecessary tickets.

- Automatically sets your parking time
- Small – Ø 6 cm
- Easy magnetic installation

Just park and relax – the parking disc detects when you stop and sets itself automatically. The OOONO P-DISC uses a CR2450 battery and attaches easily with two magnets.
