PRODUCT DETAILS

Theragun Cold Plus Attachment
The Cold Plus Attachment features three science-backed temperature settings designed to effectively relieve pain, reduce swelling and decrease inflammation. Ideal for tender joints, sore muscles and acute injuries.

Icy cold, instant relief
Reduce pain, swelling and inflammation during post-workout recovery and to support treatment of minor injuries.

Product Specifications
Device Compatibility: Compatible with Theragun PRO Plus, Theragun Prime Plus and Theragun Mini Plus (sold separately)

How does cold therapy work?
Cold therapy narrows blood vessels, reducing blood flow to the injured area and decreasing swelling and inflammation caused by fluid buildup. This helps control swelling and supports faster healing.
