PRODUCT DETAILS

Wireless Bluetooth® 5.3 Streaming

Advanced Bluetooth® 5.3 chip, ensures stable transmission up to 33 ft (10m) long range.

IPX7 Waterproof

Fully waterproof design means this Bluetooth® speaker is able to withstand full immersion down to 3 feet for up to 30 minutes. Perfect for traveling, camping, boating, kayaking, and other outdoor adventures.

Take it Anywhere

Ballistic nylon strap allows you to attach the speaker easily to your bag or bike.

Ultra Portable & Lightweight

Compact and packable design so you can take it along with you everywhere.

Acoustically Transparent Waterproof Fabric

The fabric mesh is engineered to maximize the passthrough of high frequency audio waves, keeping the speaker's sound bright and crystal clear.

Downward Firing Passive Radiator

Surface resonating passive radiator with contoured foot for maximum bass.

USB-C™ Input Charging

USB-C™ charging provides a reliable, fast charge to your speaker.
