PRODUCT DETAILS

Wireless Bluetooth® 5.3 Streaming
Advanced Bluetooth® 5.3 chip, ensures stable transmission up to 10m long range.

IPX7 Waterproof
Fully waterproof design means this Bluetooth® speaker is able to withstand full immersion down to 3 feet for up to 30 minutes. It is a perfect indoor or outdoor everyday speaker.

Supreme Sound
Exceptional sound quality with powerful bass even at home, the park, or on the beach.

Acoustically Transparent Waterproof Fabric
The waterproof woven fabric mesh is engineered to allow the maximum range of audio waves to pass through, so your speaker can sound as great as it looks!

Dual Passive Radiators
Two custom passive radiators resonate in perfect harmony, creating a powerful bass punch wherever the music goes!

Connect to Multiple Source Devices
Connect to two devices at once and easily switch between the audio source with a click of the BT button.

True Wireless Stereo
Create an immersive stereo sound experience by connecting two Terrain™ speakers to each other wirelessly!

Skullcandy Multi-Link™
Wirelessly connect up to 99 Skullcandy speakers for a party that will rattle your bones!
