Silk'n SilkyAir Flex 5in1

256773

Create your ideal look with SilkyAir Flex. An all-in-one hair dryer and styler with 5 magnetic attachments, auto-wrap curlers, and ultimate heat protection.

PRODUCT DETAILS

The SilkyAir Flex redefines your hair routine, allowing for effortless drying and professional styling at low temperatures while maintaining your hair's natural quality. With just one click, it easily transforms from a powerful hair dryer into a versatile, all-in-one styling tool for lasting volume, beautiful curls, or a sleek finish.

Why the SilkyAir Flex Changes Everything:

- **One-Click Transformation:** Effortlessly switch from a high-performance hair dryer to a multi-functional styler, giving you limitless hairstyle options with a single device.
- **Ultimate Heat Protection:** Measures the air temperature 50 times per second, automatically adjusting it when it gets too high to make extreme heat damage a thing of the past.
- **Automatic Coanda Curling:** Features innovative auto-wrap attachments that use precise airflow to automatically and evenly rotate your hair around the barrel for flawlessly defined curls.
- **Dynamic LED Display:** Provides ultimate styling control with clear indicators for three speed levels and four temperature settings (39°C, 50°C, 70°C, and 90°C).
- **Luxurious Travel Storage:** Comes complete with a premium storage case designed to beautifully organize and protect your styling tool and all five attachments on the go.

An Attachment for Every Style:

- **Auto-Wrap Curlers (2 Barrels):** Left and right directional barrels that effortlessly draw and wrap hair for symmetric, bouncing curls and waves.
- **Volumising Oval Brush:** Specifically shaped to get right to the roots, maximizing lift and body for a full, salon-quality blowout.
- **Smoothing Paddle Brush:** Perfect for simultaneously drying, detangling, and aligning your hair, leaving it beautifully sleek, soft, and shiny.
- **Styling Concentrator:** Delivers a focused, high-velocity stream of air for controlled rough drying and precision touch-ups.

Bring the clinical precision of the salon into your home. Dry, curl, polish, and lock in your ideal look without extreme heat, and enjoy flawless hair health on your own schedule.
