

Volo Multi Coffee Machine

254710

Volo Multi is a multifunctional coffee machine designed to make you explore the perfect cup of coffee in just one touch. With this one you can use both espresso and capsule. It comes with three adapters that are compatible with Nespresso capsules, Dolce Gusto capsules, and ground espresso coffee. Volo Multi combines style, functionality, and simplicity to meet all coffee drinkers' needs. Enjoy perfect coffee in the easiest possible way.

PRODUCT DETAILS

Use different capsules and ground espresso

Volo Multi comes with three adapters compatible with Nespresso capsules* and Dolce Gusto capsules, as well as espresso pre ground. This gives you the freedom and flexibility to choose between your favorite coffee capsules and your own espresso for the ultimate coffee experience.

Capsule adapters for Volo coffee machines are developed and tested by Wilfa to be compatible with Nespresso®* and Dolce Gusto®* capsules.

* The trademarks belong to third parties with no affiliation to Wilfa AS. Not compatible with Nespresso Vertuo capsules.

High temperature every time

Enjoy a warm and tasty cup of hot espresso with a temperature above 88 degrees, one of the hottest on the market. The high temperature helps to extract maximum flavours.

Compact and elegant design

Volo Multi is a compact and elegant coffee machine that fits perfectly into any kitchen. Its sleek design makes it easy to place, even in the smallest kitchens.

Detachable milk container and steam nozzle

Create delicious cappuccinos and latte macchiatos with the detachable milk container that holds 350 ml. You can also use the included steam wand to steam milk to perfection directly in the cup or to make hot tea water.

Adjustable coffee amount and preset cup sizes

With the Volo Multi, you can adjust the coffee amount between 25-250 ml, giving you unique and personal control over the strength and amount of your coffee. With three preset cup sizes – espresso, lungo, and grande – you can easily choose your favorite. Whether you want a quick espresso or a large cup of coffee, Volo Multi will deliver according to your wishes.

Easy refilling with a removable water tank

With a 1.6-liter removable water tank, it's easy to refill with fresh water directly from the tap. The water tank is designed for easy handling and cleaning.

Easy to clean

Volo Multi is designed to be easy to clean and requires minimal maintenance. All parts are easily accessible and can be quickly disassembled for cleaning. To ensure that your Volo Capsule continues to deliver perfect coffee, we recommend regular descaling and cleaning.
