

Wilfa Precision kitchen scale

251950

The Wilfa Uni black is a precision digital kitchen scale that is perfect for brewing and baking. Weighs accurately with 0.1 gram intervals and has an LED display that provides a clear overview. Can be linked to the Wilfa Black app via Bluetooth.

PRODUCT DETAILS

High precision

With 0.1 gram intervals, you have full control whether it's spices, coffee or anything else you want to weigh up to 2kg.

Timer function

The built-in timer helps you keep track of time when brewing coffee and is guaranteed to help you make perfect coffee every time.

Rechargeable

A USB-C cable is included for convenient and easy recharging of the scale. When fully charged, the scale has a battery life of approximately 20 hours.

Heat-resistant silicone cover

A heat-resistant silicone cover is included in the package so you can safely weigh your hot coffee on top of the scale.

APP

Download the Wilfa Black app from Google Play or Apple App Store to access valuable tips, tricks and guides for brewing the perfect coffee.
