

GoPro Protective Case for MAX2

255857

Keep your MAX2 camera protected with the durable, lightweight and scratchresistant clamshell case.

PRODUCT DETAILS

Keep your MAX2 safe from damage during your adventures with this clamshell case. Built tough, it features a compression-molded shell made from high-density 600-denier polyester that resists spills and scratches. It's specially designed to protect MAX2 cameras—even when it's attached to an extension pole—so you don't have to unmount your camera to keep it safe. Lightweight and compact, it easily fits into a jacket pocket or travel bag when you're recording.

Features

- Compression-foam construction with 600-denier polyester shell protects your MAX2 from spills, scratches and dings
- Zip-around design with cushioned interior snugly secures your MAX2, with or without an extension pole attached
- Super compact at 88mm square and 55g, it's a lightweight way to protect your MAX2 camera on the go

Compatibility

- MAX2 Camera
