PRODUCT DETAILS

An icon reborn

Meet Major IV, the iconic headphones from Marshall with 80+ solid hours of wireless playtime, wireless charging and a new, improved ergonomic design.

Signature sound

Major IV delivers the signature Marshall sound that you've come to expect. Custom-tuned dynamic drivers deliver roaring bass, smooth mids and brilliant treble for a rich, unrivalled sound that you'll never want to turn off.

80+ hours of wireless playtime

Major IV delivers 80+ solid hours of wireless playtime. With over three full days of power, you can stop worrying about your headphones dying on you when you need them. These are headphones truly built for the long haul. If you do ever find yourself caught out without power, just plug your 3.5 mm cord into your device to keep listening. Major IV also has quick-charge capability – only 15 minutes of charging will give you 15 hours of listening.

Improved ergonomic design

Major IV's new, improved ergonomic design means that when you're deep diving into your music, the tenth hour is as comfortable as the first. Major IV's ear cushions are softer to the touch and more faithfully fit the shape of your ear.

Wireless charging

Major IV can be charged wirelessly, so it's now easier than ever to charge and go. You can rest your headphones neatly on a charging pad (not included), and matte silicone piping on the ear cap ensures it

won't move around. Spend less time looking for your charger in a mess of wires and more time listening to your music.

Multi-directional control knob

With the multi-directional control knob you can play, pause, skip and adjust the volume of your device, as well as power your headphones on or off. Phone functionality is also included so you can answer, reject or end a call with a few simple clicks.

Iconic Marshall design

Major IV combines enhanced usability with classic Marshall elements like the multi-directional control knob, textured black vinyl and the Marshall script for a design that is both iconic and innovative. The new fold clip means that Major IV folds away into an even more compact size, and the ear caps are protected from too much wear and tear.

Share your music

As well as allowing you to plug in and play when you're low on power, Major IV's 3.5 mm socket also allows a friend to enjoy your music. Sharing music with friends is simple and speedy.

Box contents

- Major IV headphones
- 3.5 mm audio cord
- User manual and legal and safety information
- USB-C charging cable
