PRODUCT DETAILS

Time to elevate the game with NXTLVL, Oakley's first adult eyewear designed specifically for adult gamers but now available to non-prescription wearers and optimized for gaming with Prizm Gaming 2.0 lenses. The unique temple architecture is crafted to provide a comfortable, long-lasting fit while wearing headsets. NXTLVL also features a lightweight O-Matter™ front combined with mixed O-Matter and C-5 temples, and Unobtainium® nose pads and earsocks for personalized comfort that will keep you playing without distraction or discomfort. A larger square lens shape is designed to provide an unobstructed field-of-view for a best-in-class gaming experience.

Key features

- **DESIGN** - The game has changed: sports are no longer on the field, they're on screens. This frame is designed to fit under headphones with minimal obstruction.
- **FRAME MATERIAL** - Durable and lightweight O-Matter front with mixed O-Matter/C-5 temples designed to fit under headphones with minimal obstruction.
- **ADJUSTABLE FIT TEMPLES** - Adjustable temple tips so you can easily bend and fit behind your ear for maximum comfort while maintaining retention.
- **HEADSET COMPATIBLE** - Soft earsocks over thin C-5 temples are designed to fit under headphones with minimal obstruction to help provide a seamless and comfortable fit while wearing headsets.
- **PRIZM GAMING 2.0 RX** - Available with Oakley Authentic Prescription Prizm Gaming 2.0 lenses that come laser etched with the ellipse logo on the left wearing lens for proof of Oakley authenticity and quality.
- **TRUBRIDGE SPORT** - TruBridge Sport Unobtainium for best-in-class fit and no-slip retention.
