PRODUCT DETAILS

Secure your crypto and NFTs far from hackers' reach

Ledger wallets are equipped with industry-leading security, combining a certified Secure Element (SE) and a custom Operating System (OS). All crypto applications are isolated from each other and they communicate only through the OS.

All your digital assets in one place

Manage and control 1000+ cryptocurrencies, including Bitcoin, Ethereum, Solana, Cardano and many more... and your favorite NFTs based on Ethereum and Polygon blockchains. All in one place.

Ledger Live, one app for all your crypto needs

The Ledger Live app is a one-stop shop to buy, send, sell, grow, swap your crypto with our partners*. You can track your assets across multiple platforms, monitor price changes, expand and diversify, and stay up to date on the value of your portfolio. You can also access various Web3 dApps, products and services, and level up your crypto knowledge.

*Buy, swap, lend, and other crypto transaction services are provided by third-party partners. Ledger provides no advice or recommendations on use of these third-party services.
