

## Gel Blaster Starfire Surge

252663

You can light up the night with the Starfire Gel Blaster. Thanks to the unique Starfire Activator, the pellets are charged with UV technology and fly brightly towards the target.

Style      REGULAR, **STARFIRE**

### PRODUCT DETAILS

Own the Night with the Starfire System!  
Light up the night with Starfire!

The Gel Blaster Starfire is equipped with the Starfire Activator. The Starfire Activator is a unique feedneck that uses UV lighting technology to supercharge Starfire Gelllets to instantly glow and produce a glowing tracer effect you have to see to believe.

Select between full or semi-auto blasting for a rechargeable and a less mess experience!
