

Oakley NXTLVL with Prizm Gaming lenses, Satin Black

252097

NXTLVL is Oakley's first eyewear designed for adult gamers. It has Prizm Gaming 2.0 lenses and a lightweight O-Matter frame. The unique temple architecture is headset-compatible and the design allows for an unobstructed field-of-view.

Colour

PRODUCT DETAILS

Time to elevate the game with NXTLVL, Oakley's first adult eyewear designed specifically for adult gamers but now available for non-prescription wearers and optimized for gaming with Prizm Gaming 2.0 lenses. The unique temple architecture is crafted to provide a comfortable, long-lasting fit while wearing headsets. NXTLVL also features a lightweight O-Matter™ front combined with mixed O-Matter and C-5 temples, and Unobtainium® nose pads and earsocks for personalized comfort that will keep you playing without distraction or discomfort. A larger square lens shape is designed to provide an unobstructed field-of-view for a best-in-class gaming experience.
