Unlock a world of crypto possibilities with the Ledger Nano X. Secure, grow your crypto and manage your NFTs on-the-go with our Bluetooth®-enabled hardware wallet.

Colour

PRODUCT DETAILS

Secure your crypto and NFTs far from hackers’ reach
Ledger wallets are equipped with industry-leading security, combining a certified Secure Element (SE) and a custom Operating System (OS). All crypto applications are isolated from each other and they communicate only through the OS.

Bluetooth® connection to your phone to manage your crypto on the go
Manage your crypto on the go with Ledger Nano X which features Bluetooth® connectivity and up to several hours of battery life. Easily pair your smartphone with your device and sign transactions wirelessly.

All your digital assets all in one place
Manage 1000+ cryptocurrencies, including Bitcoin, Ethereum, Solana, Cardano and many more... and your favorite NFTs based on Ethereum and Polygon blockchains. All in one place.

Ledger Live, one app for all your crypto needs
The Ledger Live app is a one-stop shop to buy, send, sell, grow, swap your crypto with our partners*. You can track your assets across multiple platforms, monitor price changes, expand and diversify, and stay up to date on the value of your portfolio. You can also access various Web3 Apps, products and services, and level up your crypto knowledge.

The Ledger Live app

- One App for your Ledger life
- Buy, swap, sell, grow, and manage your crypto on the go through our partners*.
- Send and receive crypto and NFTs with uncompromising security.
- Install the Ledger Live app from https://ledger.com/ledger-live
