PRODUCT DETAILS

Put your family's health first
BeamO offers contactless fever detection and digital heart and lung recording for all ages.

A full 1-Lead ECG, in 30-seconds
Atrial fibrillation (A-Fib) is the most common heart arrhythmia worldwide, and BeamO's 1-lead ECG makes it easy to detect it by capturing your heart's electrical activity.

On-demand, respiratory care
Detect signs of hypoxemia, a low blood oxygen level condition associated with various respiratory conditions, including COPD, and assess your lung auscultation.

Innovation for on the go
BeamO puts cutting-edge health technology in your hands, offering check-ups anytime, anywhere.

The future of telehealth
Use BeamO to share a live HealthLink allowing your doctor to assess key metrics in real time on a dashboard or you can generate a PDF Health Report with all your recorded data.

What's in the box

- BeamO
- USB-C to jack adapter
