

Swiss Secure Jet 7600

254169

Swiss Secure Jet is equipped with an residual current device integrated in the plug and is the ideal hairdryer for those who want maximum protection without sacrificing professional performance.

PRODUCT DETAILS

Swiss Secure Jet 7600 offers maximum protection in professional hair styling. ElectroStop is a residual current device integrated in the plug that automatically switches the device off in the event of a power leakage (contact with liquids, uncovered electrical cable, etc.). The professional hairdryer features a super-light professional motor and optimised airflow for quiet, powerful drying. Its elegant design, ergonomically shaped handle and convenient switches maximise comfort during hair styling. Swiss Secure Jet 7600: absolute safety, professional styling.
