

Cuisinart

Cuisinart® Grind, Tamp and Brew Bean to cup Espresso Machine

255339

- **PREMIUM FEATURES FOR BARISTA-QUALITY BREWS:**

Grind fresh with the built-in conical stainless steel burr grinder featuring 16 settings for customised flavour. Then brew bold with 20 bars of pressure for rich espresso, golden crema, and café-quality taste—hot or cold, single or double.

- **BOTTOMLESS PORTAFILTER FOR RICHER FLAVOUR:**

Achieve a thicker crema and deeper flavour thanks to the bottomless portafilter that reduces metal contact, letting your espresso flow freely for a smoother, more aromatic shot every time.

- **TRUE COLD BREW, NO WAITING:**

The cold extraction feature delivers smooth, refreshing iced drinks without the bitterness or dilution, faster than traditional cold brewing methods.

- **FROTH IT YOUR WAY:**

Steam wand creates creamy froth for lattes, cappuccinos, or hot water for teas, and perfect for dairy or plant-based milk.

- **ASSISTED TAMPING FOR CONSISTENT RESULTS:**

Did you know 10kg is the ideal tamping pressure? With automatic assisted tamping, each shot is evenly compressed. This ensures even extraction, rich crema, and bold flavour, while also being vital for optimal water flow.

- **SMART DESIGN, SEAMLESS BREWING:**

Front-loading 2.2L water tank, integrated accessory tray, and cup-warming plate make every brew effortless and mess-free.

Grind, Tamp and Brew Espresso Machine - Fresh Beans, Full Flavour, Total Control

Turn your kitchen into your favourite coffee spot with the Grind, Tamp & Brew Espresso Machine: A sleek, all-in-one machine that brings the full café experience home. Whether you're starting your day with a bold espresso, winding down with a creamy cappuccino, or cooling off with a refreshing iced latte, this machine gives you the freedom to craft your perfect cup, your way.

At the heart of the experience is the built-in conical burr grinder, offering 16 precise grind settings so you can go from fine espresso to coarse French press with ease. The half-pound sealed bean hopper keeps your beans fresh and aromatic, while the assisted tamper ensures a consistent, even puck for flawless extraction every time.

With an impressive 20 bars of pressure and a 54 mm stainless steel bottomless portafilter, you'll enjoy rich, full-bodied espresso with a golden crema, just like your favourite coffee shop. And thanks to the cold extraction feature, you can enjoy smooth, flavourful iced drinks without bitterness or dilution, perfect for warm days or afternoon pick-me-ups.

The built-in steam wand makes it easy to froth milk or milk alternatives to your preferred texture, whether you're after silky microfoam for a flat white or thick froth for a cappuccino. It also dispenses hot water for teas or Americanos, adding even more versatility to your daily routine.

Designed with real life in mind, the Espresso Bar™ Grind & Brew features a generous 2.2L front-loading water tank with a viewing window, a cup-warming plate, and an integrated accessory tray to keep your countertop tidy. It even accommodates travel mugs up to 600 ml, so your favourite drinks are ready to go when you are.

With premium accessories included: stainless steel milk jug, single and double shot filters, tamping puck, dosing guide, and cleaning tools, this machine is ready to elevate your coffee game from day one. Whether you're a seasoned espresso lover or just starting your home barista journey, the Grind, Tamp & Brew makes every cup an experience worth savouring.
