### PRODUCT DETAILS

Say good morning to the Signature Collection Multi-Temp Jug Kettle from Cuisinart, a fusion of elegance and functionality designed to elevate your kitchen experience. Crafted with premium polished chrome details, this kettle exudes sophistication.

Featuring a striking finish, this kettle is not just a kitchen appliance but a statement piece. Its full stainless steel body in a beautiful painted finish is not only aesthetically pleasing but also incredibly easy to wipe clean, ensuring lasting beauty in your kitchen.

Equipped with a range of temperature options from 85-100°C, this kettle allows you to customise your brewing experience to perfection. The LCD with temperature display ensures you have precise control over the water temperature, ensuring optimal flavor extraction for your favorite beverages.

With a powerful 3kW heating element, rapid boiling is guaranteed, while the 1.7L capacity ensures there's enough hot water for your needs. The concealed element and removable lime scale filter make descaling a breeze, ensuring your drinks taste their best every time.

Part of the Style Collection, this kettle seamlessly blends style with functionality. Its ergonomic design ensures comfortable handling and pouring without drips and spills. The large spout and well-balanced handle make pouring a dream, while the 360° base accommodates both left and right-handed users.

Complete the look by pairing the kettle with a matching toaster from the collection, or mix and match for a personalised touch. Whether you're brewing delicate green tea or robust coffee, the Signature Collection Multi-Temp Jug Kettle ensures every sip is a delight. Elevate your kitchen aesthetic and brewing experience with this exquisite kettle from Cuisinart.
