

Extension Pole + Shutter Remote - ESPT

252757

Stretching to 48in (122cm) and collapsing to 10in (25cm), this extension pole reaches longer and travels lighter. Includes a Bluetooth remote to snap photos and record video.

PRODUCT DETAILS

The action is closer and the travel is lighter with the Extension Pole + Waterproof Shutter Remote. Stretching to 48in (122cm) and collapsing to 10in (25cm), this extension pole reaches longer and collapses smaller than its predecessor, El Grande. A detachable wireless remote makes it easy to take photos and start/stop recording when the pole is extended and your GoPro is out of reach. The pole is crafted from durable lightweight aluminum and waterproof so you can capture your favorite activities in wet or dry conditions. The ball joint adapter easily attaches to the extension pole using a 1/4-20 mount to provide full camera rotation and tilt for maximum capture flexibility. The anti-slip grip and wrist lanyard keep the pole securely in your hand during your adventure.

Feature Bullets

1. Extends to 48in (122cm) to get closer to the action and collapses to 10in (25cm) for on-the-go use
2. Simple one-button, Bluetooth camera remote allows you to take photos and start/stop video recording without reaching for the camera
3. Lightweight aluminum sections are strong and rigid, designed for quick and easy extension
4. 1/4-20 screw mount at the top of the pole for camera mounting with included 360° ball joint and finger adapter
5. Waterproof Shutter Remote can be submerged up to 16ft (5m) for many watersports¹
6. Extension strap included for wrist mounting of the Shutter Remote
7. 1/4-20 threaded insert on the bottom of the pole for compatibility with other industry standard mounts
