PRODUCT DETAILS

Everything Sharp and True to Life

The Emotn N1 invites you to all your eye-popping favorites with native 1080p FHD quality. Exceptional HDR10 technology brings vibrant display with incredible contrast for bright whites and true blacks.

Illuminate Your Movie Night

Coming with 500 ANSI Lumens, the Emotn N1 empowers every user to enjoy bright and rich content in dim environments. All your fave movies are lighted up by the Emotn N1 in the night with its incredible colors.

Tailored for Unlimited Entertainment

The Emotn N1 is officially licensed by Netflix, and with other streaming apps like Prime Video and YouTube, you are instantly exposed to a world of premium movies, TV shows and more.

Experience the Cinema-Quality Size at Home

With the Emotn N1's large HD projection up to 120 inches, you're the VIP who's always invited to the front row. Time to have exclusive control of your private screen!

Crisp and Clear before You Know

The Emotn N1 never allows your world to be blurred for more than one second with the cutting-edge ToF(Time-of-Flight) Laser Autofocus. It gets everything ready for you in a flash and your hands are freed to grab popcorn and drinks.

Make Setup a Breeze

The Emotn N1 offers you peace of mind to get into the mood for your favorite movies. Place it anywhere you like and the exceptional Auto Keystone Correction enables a super quick setup to settle your joy in place right away.

Cinematic in Every Sense

Enhanced with Dolby Audio and dual 5-watt built-in speakers, the Emotn N1 provides rich, clear, stunning sound – it’s not just a projector: it’s a home theater!

Nature’s Friend. Your Friend.

The Emotn N1 has a 30,000-hour lifespan. It can stay with you for more than 20 years even if you use it for 4 hours a day. Emotn N1 is also eco-friendly with only 20% power consumption of a TV, making it both your friend and a friend of nature.

Smart Eye Protection for Your Family

Unlike the direct light from a TV, the Emotn N1 employs diffuse reflection imaging, greatly reducing the strain on your eyes while assuring you of the maximum colorful picture. Kids can watch educational documentaries and cartoons as long as they want!

A Whisper-Quiet Companion

The low noise level of 26dB helps create an absolutely quiet viewing space, allowing you to fully immerse yourself in the great sound and picture experience that Emotn N1 brings. Leave all your worries behind and Enjoy Movies ToNight with Emotn.

Versatile Connectivity

Connect the Emotn N1 to your various devices via HDMI, USB, WiFi and Bluetooth, in any way you like.

Angle Adjustment in Just One Step

The built-in stand on the bottom allows you to adjust the angle of projection by up to 12 degrees. No need to use a tripod! It's there when you need to adjust the angle just a little.
