HOVERAir

HOVERAir Beacon

255672

The HOVERAir Beacon offers a versatile and compact way to control your drone. Its patented Tri-state modular design allows for flexible use, providing a real-time live preview on its 1.78" OLED screen with a transmission distance of up to 1km. The Beacon also supports high-precision tracking, features voice control, and has a functional button for emergency control.

PRODUCT DETAILS

Tri-State Modular Design:
The Tri-State Modular Design joystick allows for flexible gameplay: clip the Beacon onto the right joystick for intuitive one-handed control, or attach it to the left joystick for comprehensive two-handed operation by connecting your smartphone.

Extended Range and Real-Time Monitoring:
Enjoy a transmission range of up to 1 kilometer with the Beacon, keeping you connected to your X1/X1 PRO/X1 PROMAX. The 1.78-inch OLED display lets you monitor your footage in real time, ensuring safe and informed riding.

Seamless Operation and Extended Battery:
Experience seamless operation with the one-handed controller, featuring haptic feedback and extending Beacon's battery life by up to 60 minutes for longer, uninterrupted use.

Advanced Control Features:
This advanced controller includes high-precision joystick control, a scroll wheel, and a trigger button for gimbal adjustments and photo capture, all while supporting smartphone display for effortless operation.

Clear Audio and Quick Return:
Equipped with a built-in microphone for sound recording and advanced noise reduction, the Beacon ensures crystal-clear audio. The quick return function provides peace of mind for safe landings, allowing you to focus on your flight.

What's in the box:

- Beacon*1
- Magnetic Charging Cable*1
