Style **EU/UK VERSION**

PRODUCT DETAILS

Siesta S2 is the ideal bedside radio from Pure. With DAB/DAB+ and FM, you can wake to all of your favourite radio stations in crystal-clear quality. The large, edgeless, CrystalVue display allows you to read the time or radio information from anywhere in the room. User-friendly controls and a large textured snooze button allow you to operate Siesta S2 with minimal effort. Available in a graphite or cool white finish, Siesta S2 has been designed to complement the décor of your bedroom.

More Stations, Digital Quality

DAB digital radio brings you a diverse range of great content in highly-detailed digital-quality sound, much of which is only available on digital radio. Digital radios automatically find all your available stations and let you select them by name, and there's also FM for any stations that have not yet gone digital.

Siesta S2 is also Digital-Tick-approved so you can rest assured that your radio is ready for any future FM to digital radio switchover.

CrystalVue Display

Siesta S2 includes a clean, edgeless, large format display. Read the time or radio information with ease, from anywhere in the room. Display brightness can be set manually or to automatically. Without light distractions, you can sleep peacefully.

Alarms, Sleep and Snooze

Convenient one-time set up of your daily, weekday or weekend alarms. The sleep timer allows you to gradually fall asleep without the worry of the radio playing all night. The snooze function allows you to catch those valuable extra minutes in bed.

Simple to Use

© 2026 All rights reserved. Note: Specifications and design are subject to change without notice.

User-friendly controls and a large, textured snooze button make operating the Siesta S2 simple and effortless, even with one only one eye open.

Great Sound

Siesta S2 uses a 2.5” full range speaker powered by a digital amplifier to deliver a surprising audio performance from a compact clock radio.

Auto Clock and Memory

Siesta S2’s clock automatically sets the time from the radio signal, meaning the clock is always accurate. Siesta S2 remembers all of your alarm and radio preset settings, without the need of a battery backup.

Headphone Output

Siesta S2 also includes a headphone output for private listening - ideal for when others are trying to rest.

Designed and Engineered in the UK

Like all our products, Siesta S2 was designed and engineered in the UK by our expert engineering teams. This not only ensures great sound and an impressive build quality, but also allows us to offer the reassurance of a 2-year standard warranty.
