

## Wilfa Svart Aroma Coffee Grinder, Black

251924

You get the best coffee by grinding your own beans! With Wilfa Svart Aroma you can grind with five different grinding degrees. Choose between: boiling coffee, filter coffee, press coffee, mocha and aeropress.

### PRODUCT DETAILS

#### SVART AROMA GRINDER - FOR NORDIC TASTE

With Wilfa Svart Aroma coffee grinder and whole coffee beans in your pantry, you're always close to great coffee experiences. By grinding the coffee yourself, you can more easily make your cup of coffee taste just the way you want it and you'll have more opportunities to explore your personal taste. Just the wonderful smell of freshly ground beans in your kitchen is in itself a reason to get your own grinder. It's also a way to make sure you always have fresh, tasty coffee at home.

#### Motor

The Svart Aroma has a new and improved motor with a lower speed that provides low heat output, which means that the aroma and taste of the coffee is preserved as well as possible.

#### Conical grinder

The coffee grinder has a conical grinder that ensures fast and even grinding of the coffee beans, giving a perfect ground end result.

#### Many settings

Choose from grinding everything from the finest mocha to coarse cooking coffee. With this coffee grinder, there are many different grind settings so you can find the setting that gives the perfect taste for you. Choose from: boiling coffee, filter coffee, press coffee, mocha and aeropress.

#### Easy to use

Easily adjust the grind settings by turning the bean hopper, the bean hopper will guide you which setting is suitable for which type of coffee. The coffee grinder has a safety feature that prevents it from working if the pre-ground coffee container is not inserted correctly. The included coffee bean container and coffee box are made of transparent plastic material with a UV filter that protects against sunlight.

#### Timer

With the 30-second timer, you simply set the time according to the amount of coffee you wish to grind and then the grinder shuts itself off.

Easy cleaning

Removable parts make it easy to maintain and clean your grinder.
