

Marshall

Marshall Mode EQ In-Ear Headphones (Black/Brass)

106767

The Mode EQ features customised drivers for huge sound in a small package.

Colour

PRODUCT DETAILS

Mode EQ Switch

No two people are identical, which is why there are two different EQ settings on the Mode EQ. Use the first EQ setting for warm, bass-heavy sounds. Use EQ II if you prefer your music to be brighter with an emphasis on the mids and highs.

Big Sound, Small Package

The Mode EQ's compact design and maximum sound output might just make them the best in-ears on the planet. Customised drivers have been fitted into the Mode EQ's tiny frame to produce a well-balanced audio that boasts a clear midrange, extended highs and deep bass.

Microphone and Remote

Using the Mode EQ to receive phone calls and control music is a breeze. Click once to answer incoming calls or hang up, as well as to play and pause your music. Click twice to fast-forward your music and three times to go back.

Perfect Fit and Classic Design

The Mode EQ features the iconic Marshall logo on the cable clip and Marshall M logo on its earphones. Ears come in all shapes and sizes, which is why the Mode EQ comes with four different size sleeves so you can find the perfect fit.

Durable Connection

The Mode EQ's L-plug design offers a more durable connection to your device. The plug is compatible with any music player that receives a 3.5 mm jack.

No More Tangles

Having to untangle your headphone cord is rubbish, which is why Mode EQ comes with a rubber-coated, tangle-resistant cord.
