PRODUCT DETAILS

Noise Canceling Quiet

Enjoy quiet with active noise canceling. Control how you hear outside noise with three noise control modes: ANC On, ANC Off and Be Aware (pass through outside noises). Dial in your settings using the JLab App.

Long Battery Life

Enjoy up to 7+ hours of playtime on a single charge for each earbud, and a total of 24+ hours of playtime with the case. Plus, conveniently recharge the case with its integrated USB-C charging cable, allowing you to get an hour of playtime with just 10 minutes of charging.

Customize Your Sound

With the new JLab App, you'll have control to customize the Be Aware setting to let outside noise in, touch controls, and sound to your personal preference – or use the presets for JLab Signature, Balance or Bass Boost. Safe hearing option allows you to protect your ears from hearing damage with volume limits. Plus get software updates for your product right when they're available. Available on the App or Google Play Store.

Connect to Multiple Devices

With Bluetooth Multipoint you enjoy the versatility of transitioning seamlessly from device to device. Hop from podcast on your computer to a call on your mobile. You can connect simultaneously to two devices – mobile, laptop and/or computer.

Everyday Proof IP55

You want an earbud that can keep up with you. The GO POP ANC are sweat and splashproof for your life on-the-go with an IP55 rating. That's durability for all life's adventures.

Clear Calls

Whether you're in a busy office or a noisy city street, the GO POP ANC Earbuds noise-canceling mic ensures crystal clear calls. The MEMS mic in each bud helps eliminate background noise, ensuring that your voice is heard loud and clear on the other end.

Google Fast Pair

Enjoy even more effortless pairing with an Android device with Google Fast Pair. When you take out your earbuds and have a supported Android device, you'll see a pop-up enabling you to connect via Bluetooth. Don't worry if you're not an Android user, JLab earbuds will connect with any Bluetooth enabled device like iPhone with just a couple taps.

Compact Fit

Smaller than a credit card, the case easily slips into your pocket, while the earbuds offer one of the smallest options available. Experiment with the three sets of gel eartips for a secure, comfortable fit and crystal-clear sound.
