PRODUCT DETAILS

Compact & Easy to Carry
Designed to be significantly smaller than most stroller fans, this lightweight and space-saving fan is perfect for life on the go. Ideal for strollers, cribs, car seats, travel, pets, or even your desk.

Long-Lasting Battery for All-Day Use
Powered by a 5000mAh battery, it delivers up to 38 hours of cooling on low speed — lasting up to twice as long as typical stroller fans. Fully recharges in just 3 hours, making it reliable for outings, strolls, and outdoor activities.

Enhanced Safety for Babies
Engineered with safety in mind, the fan features an ultra-narrow 4mm front grille to help prevent little fingers from touching the blades. A built-in safety lock adds extra protection, while the four food-grade silicone legs ensure stable placement in any situation.

Gentle, Natural Airflow
With 5 speed levels and 5 natural wind modes, this fan creates a soft, baby-friendly breeze that mimics natural airflow. The adjustable head (180° horizontal, 40° vertical) allows you to direct airflow exactly where needed for maximum comfort.

2-in-1 Versatile Design
Easily switch between stroller fan and desktop fan. The detachable base allows quick transformation, making it perfect for both outdoor use and indoor settings.

Soft Night Light & Smart Display
Includes 3 levels of gentle lighting to create a calming atmosphere for sleep. The LED display clearly shows battery status, so you’re always prepared, whether at home or outdoors.

Perfect Gift for New Parents
More than just a stroller accessory, this fan is ideal for daily routines, travel, picnics, and even pet care. A thoughtful and practical gift for newborn families.
