

Epic Mouse - Black

252077

The JLab Epic Wireless Bluetooth Mouse is a versatile, ergonomic mouse that can connect via Bluetooth or USB. It features silent clicks and 9 customizable buttons, and can be easily switched between three saved devices.

PRODUCT DETAILS

Overview
The Epic Wireless Bluetooth Mouse gives you the ultimate pro-level performance whether you're crunching the numbers, creating brilliant designs, or owning the competition. Serious functionality and a sleek design make it an epic addition to any WFH setup, but you might just love it so much that you bring it back to the office in-person. Save your custom button functions with up to three user profiles so switching is as easy as shuffling between your tabs.
