

Max Kitchen Scale

255279

Rechargeable kitchen scale – weighs up to 10 kg, super precise with 1g intervall as well as waterproof design with huge surface to fit big bowls.

Colour

PRODUCT DETAILS

The Max kitchen scale combines a high capacity (10 kg) with 1-gram precision, making it perfect for both baking and cooking. It features a large surface (23 x 17 cm) that fits large mixing bowls and is water-resistant, allowing you to rinse it under running water for quick cleaning. Additionally, Max is USB-C rechargeable, making it both convenient and durable.

Designed for large Bowls & quantities
The spacious surface (23 x 17 cm) provides ample room for mixing bowls and trays, making it ideal for both small and large recipes.

Tip! Do you own a Probaker kitchen machine? The large 7-liter bowl fits perfectly on this digital kitchen scale.

Precision & capacity in one

- 10 kg capacity – Handles both small and large amounts
- 1-gram accuracy – Perfect for everything from flour to coffee

User-Friendly Digital Kitchen Scale

- Clear digital display
- Touch buttons & tare function
- Switch between grams (g) and ounces (oz)
- Fast & Easy Cleaning – IPX5 Water-Resistant

Max kitchen scale is easy to clean and hygienic
Thanks to its IPX5 water resistance, it can be rinsed directly under running water. The smooth surface makes it easy to spot when it needs cleaning.

Rechargeable & convenient

- Built-in rechargeable battery – Up to 20 hours of use per charge
- USB-C charging – Cable included for easy recharging

Stable & easy to handle

- Anti-slip base – Stays securely on the counter
