255966

Withings Sleep Analyzer - Under-mattress sleep tracker with lab-precise metrics, sleep apnea detection, sleep cycles, continuous heart rate monitoring, and snore detection. No wearable needed.

Colour 

PRODUCT DETAILS

For the first time, a home sleep tracker provides lab-precise metrics with the benefit of convenience—there is nothing to wear thanks to an unobtrusive mat designed for one-time setup under the mattress. Sleep Analyzer concentrates the world's most advanced sensors and technology to analyze your sleep and detect sleep apnea, a highly prevalent and underdiagnosed disease. With precise & understandable insights in the Health Mate app, anyone can discover how to achieve better sleep quality for better health

Nothing to Wear
Easy one-time setup under the mattress, compatible with most mattresses

Lab-Level Accuracy
Developed with sleep physicians and extensively tested against data obtained by the gold standard of sleep diagnostics

Advanced Sleep Tracking
Get an in-depth analysis of your night with sleep cycles, continuous heart rate & snore detection. Know how restorative your sleep was with the Sleep Score.

Sleep Apnea Detection
Detect sleep apnea, a highly prevalent and underdiagnosed condition

Wake to Immediate In-App Results
Find all results in the free Health Mate app (iOS & Android™) upon waking via automatic Wi-Fi sync

Shareable Health Report
Easily share a PDF of data in the app with your doctor
