

## Gel Blaster Portal Smart Target

252667

Gel Blaster has brought the first ever smart target to the blasting world. The Portal smart target was created to expand the capabilities of play with your Gel Blaster!

### PRODUCT DETAILS

#### PORTAL SMART TARGET SYSTEM

The Portal app-enabled target is perfect for taking your gameplay to the next level. With hit detection and light-up panels, it's easy to see when you've hit your mark. Compete against your friends for sharpshooting supremacy!

With this bluetooth and Wi-Fi enabled device you can take the battle anywhere - no internet connection required! Just connect your smartphone and download the app to choose from a variety of games and track your high scores. Compatible with Android and Apple devices.

Grab your friends for multiplayer fun! You can even link your Portal Smart Targets together to extend your battlefield. The Portal built-in MESH network allows you to place the targets up to 100 yards apart!
