MIND-BENDING BASS MEETS PREMIUM SOUND

Crusher 1080 ANC brings together patented adjustable Crusher bass and premium Sound by Bose™ technology for a powerful, balanced listening experience. From advanced noise canceling to immersive detail and clear calls, every element is tuned for deeper, more satisfying sound.

BASS LIKE NO OTHER

Skullcandy's patented adjustable Crusher bass delivers a one-of-a-kind, sensory bass experience you can feel. Control it with the earcup wheel or Skullcandy App and dial in the impact. Once you feel Crusher, you'll never want to go back.

WORLD-CLASS NOISE CANCELING

Bose QuietControl ANC brings world-class noise canceling to Crusher 1080 ANC. Tuned and tested on real people in real environments, it blocks distractions so you can lose yourself in Crusher bass with first-class quiet.

IMMERSIVE 3D SOUND

Bose TrueSpatial creates a wide, speaker-like soundstage that puts audio in front of you, not in your head. With head tracking, sound stays naturally anchored as you move, delivering a more immersive, cinematic listening experience.

WHO WE ARE

Skullcandy was born in 2003, at the crossroads of music and boardsports culture. Our office was a garage and home was the snow-covered slopes of the Rocky Mountains. Over the past 20 years we've gone global, but our core values remain and our connection to boardsports culture is what drives us.
