

## Skullcandy Stomp portable wireless party speaker, Black

253855

Most portable speakers leave you wishing for more. Not Stomp. This is a full-frequency speaker with beautiful, bright highs, rich mids and deep, punchy bass. Stomp packs enough punch to handle a house party on its own, but it adds the convenience of total portability, water-resistant construction, the ability to link to up to 99 more Skullcandy wireless speakers and an LED light show.
