

JisuLife

JisuLife Handheld Fan 9, Pink

256549

Compact turbo handheld fan with powerful, focused airflow. Designed with a 9blade turbine system and a highspeed 40,000 RPM brushless motor, this portable fan delivers concentrated airflow up to 10 m/s for effective cooling on the go. The 3600mAh battery provides up to 12 hours of runtime, while five adjustable speed levels allow quick control with indicator lights. Lightweight, USBC rechargeable, and travelfriendly with a safety lock and lanyard, it’s the ideal pocket fan for travel, outdoor activities, concerts, and everyday use.

PRODUCT DETAILS

Turbine Blade Design for Focused Airflow
The JISULIFE portable turbo fan features a 9-blade turbine structure powered by a high-speed three-phase brushless motor. Reaching speeds of up to 40,000 RPM, it can generate airflow up to 10 m/s, delivering stronger and more concentrated wind compared to typical handheld fans.

Up to 12 Hours of Cooling
Built with a 3600mAh rechargeable battery, this mini handheld fan provides up to 12 hours of operating time on a single charge, offering reliable cooling whenever and wherever you need it.

5 Adjustable Speeds with Simple Control
Choose from five turbo airflow levels with built-in indicator lights showing the current setting. Short press to switch between speeds, and long press to power off the fan at any time for quick and convenient control.

Compact and Travel-Friendly Design
Measuring only 1.3 × 2.4 × 4.7 inches and weighing just 0.35 lbs, this lightweight fan easily fits into a pocket or bag. A side safety lock helps prevent accidental activation, and the included lanyard makes it convenient to carry while traveling.

USB Rechargeable for Easy Power
This rechargeable fan supports charging through standard USB ports, including laptops, power banks, and car chargers, allowing you to power up conveniently almost anywhere.

Perfect Gift Choice
Stylish and practical, this mini pocket fan is ideal for travel, concerts, and daily cooling. Its sleek design also makes it a thoughtful gift for birthdays or special occasions for women, men, and friends.

Great for Outdoor Activities
Designed to deliver strong airflow, the turbine blades concentrate wind power for effective cooling. With noise levels ranging from 55 dB to 76 dB (measured at 30 cm), it is suitable for outdoor environments such as cruises, camping, and travel.

What’s in the box?

- Fan x1
- USB Type-C x1
- User Manual x1
- Lanyard x1
