LARQ Filtered Bottle 500ml, Granite White

251157

LARQ Bottle Filtered Take hydration into your own hands. Aging water infrastructures and mistrust of tap water are common reasons why people choose to purchase single-use bottled water. Today over 1 million single use water bottles are consumed every single minute. That's over 20,000 bottles every single second. **It's time for a change.**

PRODUCT DETAILS

Size

500 ML, 740 ML

A revolutionary portable water filtration system that combines high-performance Nano Zero filter technology with zerovalent iron providing a seamless, low-pressure drinking experience.

Nano Zero filter technology

Improves taste for a smooth finish and removes lead, heavy metals, chlorine, and particulates that meet NSF/ANSI 42, 53 & 401 standards.

Seamless sips

Easy-to-drink low pressure straw. Let the bottle do the work for you.

Long-lasting

Filters up to 40 gallons (151 liters) of water or 2 months of use - this equals to 300 single-use plastic bottles.

Better tech, better filtration

Nano Zero with zerovalent iron technology

Our Bottle Filters have two layers – Nano Zero and zerovalent iron technology. An added layer of zerovalent iron attracts and traps heavy metals.

The result?

Nano Zero continues to trap contaminants like chlorine and VOCs while zerovalent iron grabs onto heavy metals for pure, great-tasting water.

Best-in-class pollutant removal

Our filters remove harmful pollutants and improve the taste of water.

Removes:

- Lead
- Chlorine
- PFAS/PFOA
- Heavy metals
- VOCs
- Pesticides
- Mercury
- Cadmium
- Particulates
- Herbicides
- Chemicals
- Microplastics

Keep your cool

Double-wall insulated BPA-free stainless steel build keeps your water cold for up to 24 hours.

Award winning design

The luxurious environmentally-friendly powder-coat finish provides a subtle texture for a better grip.

PureVis™ Cap compatible

Simply carry along a PureVis™ Cap with you on your next adventure to get the benefits of filtration and purification in one bottle.
