

Espresso Gorilla Super Bar Crema - Whole Beans

155658

Combining a delicious blend of Arabica and Robusta beans, the Superbar Crema is a true Jörges classic - it combines everything that makes up the Kaffee Jörges coffee philosophy: carefully selected beans, a full-bodied and powerful taste and easy preparation.

PRODUCT DETAILS

With a medium roast, the beans in this blend develop a pleasantly intense aroma that lingers on the tongue for a long time - a masterful blend of Arabica and Robusta, expertly roasted for an intense, chocolaty and nutty aroma with a subtle hint of honey. The palate is flattered by the nutty nuances, particularly in the aftertaste. A superlative indeed. Superbar Crema is anything but ordinary coffee - and this is reflected in the particularly stable and foamy crema, which guarantees an espresso experience like in Italy right down to the last sip.

Not only does it taste great as an espresso, but its intense aroma also makes it a fantastic base for a cappuccino, latte macchiato or café au lait. Both portafilter and fully automatic machines can use Gorilla Superbar Crema. It features an extra smooth, reddish-brown crema, making the coffee exceptionally delicious.
