PRODUCT DETAILS

The beautiful Mill CO2200LEDMAX convector heater is suitable for rooms up to 30m2. Thanks to its electronic thermostat, you can accurately set the desired temperature in degrees via the LED display. It is also 100% silent, has 2200 watts of power and a beautiful, stable aluminum base. It also has a timer function with which you can indicate the number of hours on which it should be active. When the timer expires, it goes to standby mode

The CO2200LEDMAX convection heater has beautiful rounded corners and a slightly curved panel. The discreet shape and angle of the feet make the stove seem to float over the floor. A complete stylish heater!
