

Wilfa Activelife steel blender with 2GO bottle, 800 ml

254449

A sports blender that is perfect for you who are on the move a lot. This is a stylish blender that stands firmly on the kitchen counter while making your favorite smoothie. Take the smoothie with you on your way to work, training or on a trip. Blend the ingredients right in the 2go bottle that comes with it, and the smoothie is ready to go with you.

PRODUCT DETAILS

Programs

The blender has two different speed programs:

- Soft blend - used for soft foods, for example strawberries or mangoes.
- Hard blend - used when a little more power is needed, for example carrot and ice cubes.

Custom Knives

The blender has 6 custom blades.

Flask

The flask is made of strong plastic and holds 800 ml.

Sturdy and smart design

The sports blender stands steady on the kitchen counter while it makes your favorite smoothie. Activelife is smart and stylish, which looks good on the kitchen counter.

Cleaning

Clean the outside of the motor section carefully with a damp cloth. Clean all removable parts in lukewarm water and washing-up liquid. Please note that the blender and its parts or accessories should not be put in the dishwasher.
