

Cuisinart®

Cuisinart One Cup Grind & Brew Coffee Machine

254915

- **FRESHNESS ON DEMAND:** Grind your favourite beans then brew, for the freshest cup of coffee. With built-in stainless steel conical burr mill, you can enjoy unparalleled freshness and flavour in every cup.
- **EFFORTLESS GRINDING:** Say goodbye to pre-ground coffee and hello to freshly ground beans with ease. Integrated grinder automatically grinds your whole beans into the reusable HomeBarista™ pod.
- **CUSTOMISABLE CUP SIZES:** With 1.35L water tank, you can choose from 3 cup sizes (120ml, 210ml or 300ml) catering to your preferred strength and serving size with ease. Whether you need a quick fix or a caffeine indulgence.
- **ALL IN ONE COMPACT SOLUTION:** Integrated grinder saving you space and hassle, and hopper that holds 100g of beans and a sealed lid to keep them fresh, so you always have a fresh batch ready to brew.
- **NO MORE FUSSING WITH COMPLICATED SETTINGS:** User friendly, easy-view water window and intuitive push-button controls takes the hassle out of brewing. Plus 3 year warranty for coffee year after year.
- **CONVENIENT AND COMPACT:** Easy wipe clean black exterior, and removable HomeBarista™ pod for effortless maintenance. Plus, removable drip tray accommodates taller cups, for convenience in every brew.

PRODUCT DETAILS

Rise and shine with our One Cup Grind & Brew Coffee Maker! It's not just a coffee maker; it's your trusty companion for crafting the perfect cup of filter coffee right at home, so you can get the freshest brews every morning all at the touch of a button.

With this sleek coffee maker, the power is in your hands. Choose your favourite beans and let the built-in stainless steel conical burr mill do the rest, automatically grinding your whole beans into coffee gold.

With a hopper that holds up to 100g of beans and a sealed lid to keep them fresh, you'll always have a fresh batch ready to brew. The precisely ground beans are then released directly into the innovative HomeBarista™ reusable filter pod, ensuring maximum freshness and flavour in every cup.

Designed for convenience and functionality, this single-serve brewer has a removable 1.35L water tank, complemented by a charcoal water filter providing enough water for 4-5 cups of coffee. You can choose one of three options for each cup: 120ml, 210ml or 300ml, so whether you prefer a quick pick-me-up or a leisurely morning ritual, crafting your ideal cup of fresh, full-flavoured coffee has never been easier.

Clean up is a breeze too as the high-quality plastic body can be wiped clean, and all parts are removable for easy maintenance. Tall cup? No problem! Just pop out the drip tray and let the good times flow.

Streamline your mornings with ease, thanks to the easy-view water window and single-serving brewing capability. Elevate your coffee game and savour the rich aroma and flavour of freshly ground beans with the One Cup Grind & Brew Coffee Maker.
