

Wilfa Joy Waffle Maker, single

252956

Premium waffle iron for perfect results - time after time! The Joy waffle iron is guaranteed to give you golden, crispy and perfect waffles. This waffle iron cooks one extra-large waffle at a time with a diameter of 20 cm and a total of 5 waffle hearts!

PRODUCT DETAILS

5 hearts
Joy is guaranteed to give you golden, crispy and perfect waffles. This waffle iron makes 5 waffle hearts and each waffle has a diameter of 20 cm.

Air gaps for crispy waffles
Air slots in the waffle iron release air bubbles and steam, resulting in evenly cooked waffles that are crispy on the outside and moist on the inside.

Even baking
The unique conical frying plates are designed to distribute the batter evenly, so the waffles are perfectly cooked over the entire surface.

Light indicator and sound signal
The waffle iron has both an audible signal and a light indicator that allows you to see and hear when the waffle iron is ready to cook and when the waffles are ready.

Double non-stick coating
The double non-stick coating makes it easy to remove the finished waffle from the waffle iron. There is no need for extra butter during frying.

Easy storage
The Joy waffle iron is easy to store in the kitchen cabinet as it can be stored upright, saving valuable space. The height of the waffle iron standing is approximately 27 cm.

Included ladle
No more mess - use the included ladle to pour the perfect amount of batter into the waffle iron.

5 year warranty
