PRODUCT DETAILS

About myFirst

myFirst is the world's first kids' tech ecosystem, offering real tech for kids with fun devices, connected services, and a safe social network. Children can socialize, share, and explore while staying connected to family and friends-no ads, no strangers, just real connections. From their first phone to their first camera, myFirst is a trusted companion on their journey of discovery. Join over 1 million kids and families in our safe, digital world where kids come first!

myFirst Camera is designed to add joy to your child's learning process. Dive into your child's perspective and explore the endless possibilities of their world. Get ready, the world is about to become a lot more interesting now.

Get high quality photos

Experience the world through your child's eyes with our 16MP camera. Let their creativity shine as they capture stunning HD photos and videos.

Cherish their unique perspective and share precious memories that will last a lifetime!

New macro lens

Your child can now take close up pics with the new macro lens in our camera! Perfect for those close-ups of lettuce and ladybugs.

Use the lens selector button to switch to a macro lens and see the little things in life.

We've removed the bars to your child's photographic creativity!

Selfie lens

We know how difficult it is to take selfies without dropping your camera. So we've added a selfie lens above the screen.

With a push of our lens selector button, take selfies with ease. Selfies made easy with myFirst Camera 3.

Preloaded frames

Like its predecessors, our Camera 3 comes with preloaded frames to give your child insta-like photos! Your kid will be spoilt for choice when it comes to myFirst!

Durable and powerful

We're also throwing in a shockproof pouch. The pouch is made of high tensile strength polymers which resist drops, knocks, and bumps.

With 1000mAh battery and supporting up to 32GB microSD card, you can be sure you and your child take plenty of photos and videos, anytime, anywhere! Sweet!
