

Véritable

Véritable CLASSIC Self-sufficient Indoor Garden

254298

The Véritable Classic indoor garden offers effortless year-round plant cultivation with efficient LED lighting and over 70 ready-to-use lingot refills, ensuring optimal growth in low-light conditions. Made in France with eco-friendly materials, it autonomously supports your plants for up to 4 weeks, providing water, light, and nutrients with minimal effort.

PRODUCT DETAILS

EASY AND EFFORTLESS INDOOR GARDENING
The Véritable Classic indoor garden makes it easy to grow 4 plants all year round, even in rooms with low light. Each vegetable garden is equipped with 4 lingots: basil, krause parsley, chives and thyme.

EFFICIENT LED LIGHTING WITH SAVORYLIGHT TECHNOLOGY
Featuring efficient LED lighting, the Véritable Classic provides a spectrum of light specifically adapted to edible plants, accelerating growth and enhancing flavour development. The system operates on a 16-hour on / 8-hour off cycle, with 2 adjustable light poles to match the plants' growth speed.

READY-TO-USE LINGOT REFILL PACKS
Choose from over 70 varieties of lingots—biodegradable, pesticide-free, and GMO-free. Each refill pack includes substrate with seeds and nutrients for regular harvests lasting 4 to 6 months. Satisfaction guaranteed with the "Satisfied or Exchanged" policy.

AUTONOMOUS FOR UP TO 4 WEEKS
The built-in water level alarm alerts you when it's time to refill the water container, making this garden autonomous for up to 4 weeks. The Véritable Classic provides your plants with the necessary light, water, and nutrients, ensuring optimal growth with minimal effort.

ECO-FRIENDLY AND MADE IN FRANCE
Proudly made in France, the Véritable Classic is designed, manufactured, and assembled with sustainability in mind. Its eco-friendly packaging, recyclable materials, and biodegradable refills reduce environmental impact. Thanks to energy-efficient LED technology (10W), you can garden sustainably without sacrificing power.
