GoPro Media Mod (Mission 1)

257395

Designed for pro-level vlogging and live streaming, this premium Media Mod transforms your MISSION 1 Series camera into a production powerhouse. The integrated 3-mic array delivers improved dynamic range and and utilizes beamforming technology to capture audio with a variety of pickup pattern options. Expanded to three 3.5mm audio ports, Media Mod supports 32-bit float audio input, timecode input and live headphone monitoring. There’s also a Micro-HDMI port that supports up to 4K60 video output.

PRODUCT DETAILS

Features:

- Premium multi-pattern 3-mic array enables the following pickup modes through beamforming technology: Cardioid, Rear Cardioid, Bidirectional, Omnidirectional, Focused Stereo, Natural Stereo, Immersive Stereo and Variable Stereo
- Audio ports include two 3.5mm mic inputs for external mics and line-in/timecode sync, and a 3.5mm audio in/out for live low- latency headphone/headset monitoring
- Supports recording of 32-bit float audio from its integrated mic or with an external mic
- 3-in-1 mounting system features Magnetic Latch Mounting, folding fingers and 1/4-20 mounting so you can easily swap mounts and access the battery and SD card ports
- Micro-HDMI port supports up to 4K60 video output to external monitors, video recorders or broadcast systems
- Line-in port supports LTC (Linear Timecode) with industry- standard generators
- Tough, weather-resistant construction withstands outdoor elements
- Designed with filmmaking and professional rigs in mind
- Multiple audio inputs work seamlessly with the camera's multi- track audio recording for full flexibility in post production
