Ooono P-DISC NO3 Solar Electronic parking disc

256146

The OOONO P-DISC NO3: Solar-powered for a 5-year battery life. Ultra-slim, zero-setup design automatically sets parking time. Practical and stylish.

PRODUCT DETAILS

5-year battery life, solar assisted charging, no setup, and a slim, minimalist design make the P-DISC NO3 the best electronic parking disc OOONO has ever made – and one of the best on the market.

- Automatically sets your parking time
- No setup – one click and it’s ready
- Solar-powered for up to 5 years of battery life
- High-contrast display, easy to read in any light
- The thinnest and most stylish parking disc available

With the P-DISC NO3, there’s zero effort: unpack, click once, and it’s ready to go. Thanks to solar-assisted charging, the battery lasts up to 5 years. The high-contrast display stays sharp and easy to read – whether you park in a dimly lit garage or out in the sun. And with its sleek, minimalist design, the P-DISC NO3 proves that practical can look seriously good.
